

復興建築社 Fuhsing Architecture Club

復興建築社於 2018 年奠基，旨在為對建築相關學科和行業感興趣的同學們打造一個促進發展和交流的平台。我們邀請教授、講師及校友返校，與同學們深入對話。在社團課程中，我們不僅討論了許多老舊建築物的保存與拆除問題，還深入研究了現代建築師、工程師和政府官員如何通力合作，以找出最符合臺灣利益的解決方案。同時，我們也深入教導社員們繪畫技巧，包括一點透視、兩點透視，甚至電腦繪圖和建模技術。近年來，復興建築社積極向校外擴展，期許為臺灣社會及中華文化做出貢獻。為此，我們匯聚校內志同道合者，共同籌劃「臺灣青年建築藝術展」，並創立「Fuhsing ArchiTalk」，展現我們對建築藝術的熱情，及對臺灣未來的關注。

Founded in 2018, the Fuhsing Architecture Club provides a dynamic platform for students interested in architecture and related industries to foster development and exchange within our school community. We invite professors, lecturers, and alumni to engage in discussions with students, exploring topics ranging from the preservation and demolition of aging buildings to collaborative efforts among modern architects, engineers, and government officials to find solutions that best serve Taiwan's interests. Our curriculum includes in-depth instruction on drawing techniques, such as one-point and two-point perspective, as well as computer-aided drawing and modeling. In recent years, the Fuhsing Architecture Club has expanded its outreach beyond campus, aspiring to contribute to Taiwanese society and Chinese culture. We have gathered like-minded individuals to co-organize the Taiwan Youth Architecture and Arts Exhibition and establish the Fuhsing ArchiTalk podcast, showcasing our passion for architectural art and our commitment to Taiwan's future.
